 Secretary
 Adviser - E. E. Hudson

Spring
 Jack Hall
 Fred Hoffbauer
 Russell Bowers

"Fate steals along with silent tread" - who knows whether future attorneys, congressmen, and lawyers are not in the making in the Washburn Debating Club?

This club was organized in 1926 by a small group of enterprising pupils who were interested in debating. Membership and interest in the organization have increased steadily.

Some of the propositions of world-wide interest discussed by the members have been:

Resolved - That capital punishment should be abolished.

Resolved - That college fraternities should be abolished.

Resolved - That immigration should be further restricted.

Resolved - That railroads should be owned by the government.

Other propositions of local interest have also come before the debaters, such as:

Resolved - That the Christ be a weekly paper with ads.

Resolved - That electioneering and campaigning in high school elections be allowed.

Three of the members aided by three other pupils of the school presented a debate in the Auditorium previous to the student ballot on the "point system" in January, 1929. Advantages and disadvantages of the point system were brought out before the student body.

The club plans to enter city and state debating contests in the future. Washburn feels that it will be ably represented by this group of enthusiastic debaters.
