|---|----------------------|--------------------------|

**Course Description/Overview:** Students will learn practical application of the technical aspects of theater. Areas of explorations include lighting and sound design and application, props, set, and costume design and construction.

**Required Materials:** None

**Quarterly Summative Assessments: Total percentage of grade: 75%**

- Project portfolio related to the various productions throughout the school year (45%)
- One reflection for each performance (5%)
- Process journaling (25%)

**Quarterly Formative Assessment: Total percentage of grade: 25%**

- Weekly Activities (25%) *Engage in project activities*

**Grading:** The primary purpose of grading is to communicate the academic achievement status of students to students, their families, employers, and post-secondary institutions. A Credit/No Credit grade reflects a student's knowledge and ability to apply skills learned in this class.
